RE: Confirmation of Annual  
Operations and Progress  
Reports

Dear Rick:

Thank you for the annual reports filed with this office February 1, 1982. As you know, I will be reviewing the mine plan files and will keep you updated on relevant information and/or questions.

During this review period, it would be convenient if your suspension notice for the Far West and Ivy Mines were not filed until I am able to schedule an inspection. I would hope for better weather than that during my last visit. In keeping with Rule M-7(3) of the Act, I would consider this possible sometime around late March or April. Let me know if this would be satisfactory.

Sincerely,

*Thomas N. Tetting*
